Audit Defence and Compliance Management

Real Estate Developer | Audit Defence | Compliance Remediation | Tier -2 Software Publisher Licensing

A potential $150k compliance penalty was reduced to zero through audit defence and remediation

Customer Challenge

- During a mandatory third-party software compliance audit, the organization was found to be under-compliant, with a potential penalty of approximately $150K.

Our Solution

- Over a 45-day engagement, we independently assessed their software utilization, addressed compliance gaps, and supported the organization with negotiation strategies.
